Climate Change: The Threat to Life and A New Energy Future will explore the science, history, and impact of climate change, and illuminate ways in which individuals, communities and nations can reduce their carbon footprints. The exhibition will provide a scientific context to help make sense of today's most urgent headlines on global warming.

Educators' Evening

Thursday, October 23, 2008

4:00—7:00 pm

Please enter through the **STAFF/SECURITY ENTRANCE**
on Central Park West & 79th Street (under the steps)
And proceed to the **Hall of Ocean Life (1st Floor)** for Sign-in.

Preliminary Agenda

- 4:00-4:15 Sign-in & Reception (ongoing)
- 4:15-4:30 Welcome
Dr. Jim Short, Director, Gottesman Center for Science Teaching and Learning, AMNH
- 4:30-4:55 Introduction to the Exhibition
Dr. Edmond Mathez, Curator, Earth and Planetary Sciences, Division of Physical Sciences, AMNH
- 5:00-7:00 ♦ *Climate Change* Exhibition Viewing
♦ Educational Resources & Exploration Stations
- American Geological Institute
 - American Association for the Advancement of Science
 - GLOBE NY Metro
 - Lamont-Doherty Earth Observatory
 - National Aeronautics and Space Administration
 - National Oceanic and Atmospheric Association
 - Wildlife Conservation Society
 - American Museum of Natural History
 - Museum Learning Experiences
 - Professional Development Opportunities
 - Online Resources
